CARSCOUT

WELCOME ABOARD

Your Premium Car Journey Begins.

You're now part of India's most intelligent car marketplace — where every listing is AI-verified and every deal is transparent.

Your account is active and verified

Browse thousands of listings, make offers, and schedule test drives — all in one place.

GET STARTED IN 4 STEPS

01

Complete Your Profile

Verified buyers get faster responses from sellers. Add your preferences and contact details to get started.

02

Browse & Filter Inventory

Search by make, model, budget, fuel type, and transmission. Use AI scores to shortlist the best-condition vehicles.

03

Review AI Inspection Reports

Every listing comes with a Gemini AI-powered condition report — scoring, risk level, and buyer tips included.

04

Make an Offer & Close the Deal

Negotiate securely through in-app messaging, schedule a test drive, and pay via UPI, Net Banking, or cash.

WHAT'S INCLUDED

AI Inspection

Gemini-powered condition scores on every listing — no guesswork.

Price Alerts

Set a target price and get notified the moment a car drops below it.

Car Comparison

Compare two listings side-by-side across specs, AI scores, and price.

Secure Messaging

Negotiate directly with sellers without sharing your phone number.

Test Drives

Book and manage test drives with sellers directly from the platform.

Ready to find your car?

Thousands of verified listings are waiting. Your perfect car is closer than you think.

BROWSE LISTINGS →

Every vehicle on CarScout is admin-reviewed before going live.
Look for the AI score badge on listings for an instant condition overview. For high-value purchases, we always recommend a physical inspection.
